Overall Width:

1.500 inches

Trade Designation:

Connector, plug, electrical

Controlling Agency:

Naval air systems command

Identifying Number:

0ss-271-2 part no.

Connector Quantity:

2

Special Features:

Frequency rating 1807.024 mhz

Fsc Application Data:

Control and amplifier, transponder set

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-j
