**Terminal Quantity:**

12

**Terminal Type:**

Coaxial connector

**Mounting Method:**

Panel

**Component Quantity:**

6

**Component Controlling Agency:**

American electronic laboratories

**Component Identifying Number:**

Sng841a part no.

**Assembly Construction Method:**

Mounted on panel

**Attenuator Type:**

Variable

**Fsc Application Data:**

Radar homing set, countermeasures

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T172-f
