Body Material:

Aluminum alloy

Body Surface Treatment:

Chromate

Overall Length:

0.855 inches

Overall Height:

0.500 inches

Overall Width:

0.500 inches

Usage Design:

Radar set group

Detector Type:

Coaxial

Special Features:

Fabricate aluminum pieces iaw m85/1-078

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-a
