Overall Length:

5.440 inches

Overall Height:

1.250 inches

Overall Width:

4.440 inches

Component Type And Quantity:

3 pin and 3 rod and 1 sleeve

Special Features:

Mounting configuration: mtd by 0.626 in.Thd sleeve; fsc application data: antenna, radar, nonairborne, except fire control and guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
