Overall Diameter:

5.500 inches

Overall Thickness:

1.125 inches

Special Features:

Four holes 9/16-12 unc-2b threads, 0.625 in. Deep spaced 2.250 in. With 0.200 in. Lockring

Material:

Aluminum alloy 5083 or aluminum alloy 5086

Material Specification:

Qq-a-250/6, alloy 5083, h321 federal specification 1st material response or qq-a-250/7, alloy 5086, h112 federal specification 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A537a0
