Overall Length:

2.375 inches

Overall Height:

2.547 inches

Overall Width:

2.000 inches

Frequency Range Rating:

+4.0/+8.0 gigahertz

Signal Input Terminal Designator:

No signal input terminal designator

Local Oscillator Input Terminal Designator:

No local oscillator input terminal designator

Signal Output Terminal Designator:

No signal output terminal designator

Local Oscillator Input Adjustability:

Nonadjustable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T224-f
