Criticality Code Justification:

Feat

Special Features:

Weapon system essential

General Description:

Freq range 8 5-9; 6 kmc/s isolation 25 db insertion loss0; 4 db maximum power handling capabilites 300 kw peak, 250 w avg vswr 1; 2 ax pressure rating 15 psig

Fsc Application Data:

Radar antenna support sets and radomes, except specially designed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
