## NSN 5985-00-156-0746

Electrical Dummy Load - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5985-00-156-0746

Overall Length:
3.375 inches
Body Width:
0.375 inches
Body Height:
0.688 inches
Frequency Range Rating:
+12.400/+18.000 gigahertz
Voltage Standing Wave Ratio:
1.02
Power Rating:
2.000 watts average
Voltage Standing Wave Ratio Frequency Range:
+12.400/+18.000 gigahertz
Termination Type:
Waveguide flange
Waveguide Flange Designation:
Waveguide Flange Designation: Ug-419/u
Ug-419/u
Ug-419/u Operating Position:
Ug-419/u  Operating Position:  All positions
Ug-419/u Operating Position: All positions Cooling Method:
Ug-419/u Operating Position: All positions Cooling Method: Self-cooled
Ug-419/u Operating Position: All positions Cooling Method: Self-cooled Style Designator:
Ug-419/u Operating Position: All positions Cooling Method: Self-cooled Style Designator: Waveguide mounted
Ug-419/u Operating Position: All positions Cooling Method: Self-cooled Style Designator: Waveguide mounted Shelf Life:
Ug-419/u Operating Position: All positions Cooling Method: Self-cooled Style Designator: Waveguide mounted Shelf Life: N/a
Ug-419/u Operating Position: All positions Cooling Method: Self-cooled Style Designator: Waveguide mounted Shelf Life: N/a
Ug-419/u Operating Position: All positions Cooling Method: Self-cooled Style Designator: Waveguide mounted Shelf Life: N/a Unit Of Measure:
Ug-419/u Operating Position: All positions Cooling Method: Self-cooled Style Designator: Waveguide mounted Shelf Life: N/a Unit Of Measure: Demilitarization:
