Overall Length:

11.500 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

11.000 inches

Center To Center Distance Between Mounting Facilities Parallel To Width:

4.000 inches

Overall Height:

3.646 inches

Overall Width:

7.906 inches

Impedance Rating In Ohms:

500.0

Body Length:

9.500 inches

Frequency Range Rating:

+2.000 to 32.000 megahertz

Coaxial Connector Series Designation:

C

Connector End Design:

Female

Power Rating:

100.000 watts average

Termination Type:

Connection coaxial

Cooling Method:

Self-cooled

Style Designator:

Rf connector, 3 hole mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A19800
