Overall Length:

3.770 inches

Overall Height:

2.530 inches

Overall Width:

1.150 inches

Frequency Range Rating:

+1244.0 to 1444.0 megahertz

Trade Designation:

Connector, receptacle, electrical

Controlling Agency:

Mil

Identifying Number:

N male type no.

Connector Quantity:

1

Fsc Application Data:

Radar, nonairborne, except fire control and guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T224-j
