Terminal Quantity:

15

Terminal Type:

Banana jack and connector

Overall Length:

Between 2.969 inches and 3.031 inches

Overall Diameter:

Between 1.938 inches and 2.062 inches

Mounting Configuration:

15 spring contactors equally spaced

Material And Location:

Metal frame

Coupling Method:

Link

Tuning Type:

Fixed

Special Features:

Non-contactor parts cadmium plated

Precious Material And Location:

Outer surface spring contactors silver

Precious Material:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T389-c
