**Overall Length:**

0.455 inches

**Overall Height:**

0.250 inches

**Impedance Rating In Ohms:**

50.0

**Fragility Factor:**

Moderately rugged

**Operating Position:**

All positions

**Rf Connector Changing Feature:**

Not included

**Cooling Method:**

Self-cooled

**Style Designator:**

Two hole mounted

**Supplementary Features:**

M55 to p100 degrees c testing range

**Fsc Application Data:**

Antennas, waveguides, and related equipment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A19800
