Overall Length:

14.600 inches

Overall Diameter:

9.000 inches

Anti-icing Provision:

Not included

Radome Flexibility:

Rigid

Inflated Radome Shape:

Cylindrical

Pressurizing Device:

Not included

De-icing Provision:

Not included

Material:

Plastic, I-p-389, type 2

Material:

Plastic polyfluoroethylene-propylene

Material Specification:

L-p-389, type 2 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-b
