Overall Length:

40.500 inches

Overall Height:

6.250 inches

Overall Width:

21.000 inches

End Application:

Type no. As-221/tps-1d

Component Type And Quantity:

1 accelerometer and 1 cap and 2 conductor and 1 rod

Special Features:

Component type and quantity: dipole and horn cover assembly 1, horn feed 1; usage design: used as horn feed assembly; mounting configuration: ten 0.3438 in.Dia mtg holes irregularly spaced

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
