Overall Length:

2.000 inches

Overall Height:

0.188 inches

Overall Width:

0.375 inches

Impedance Rating In Ohms:

72.0

Frequency Rating:

Between 100.0 megahertz and 156.0 megahertz

End Application:

Type no. Bc-640-d

Usage Design:

Transmission line shorting bar

Special Features:

Silver plated finish

Material:

Copper

Material:

Copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-a
