Base Width:

24.000 inches

Accessory Components And Quantity:

Anchor and anchor rods 6, antenna base 1, guy w/turnbuckles 12, temporary guy and screw base 6, wire galvanized iron no. 12 gauge 24 ft 1, wire galvanized iron no. 19 gauge 24 ft 1

Maximum Height:

180.000 feet

Base Depth:

24.000 inches

Mast Construction:

Sectionalized

Section Quantity:

18

Special Features:

Triangular cross-sectional shape

Material:

Steel

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A503w0
