Overall Length:

2.000 inches

Overall Height:

0.875 inches

Overall Width:

2.000 inches

Impedance Rating In Ohms:

50.0

Usage Design:

Used as female part coupling for 1-1/4 in. Stub line

Material:

Brass

Material:

Copper alloy

Specification Or Standard:

Ug-48/u type

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-a
