Overall Length:

111.000 inches

Overall Height:

60.000 inches

Overall Width:

60.000 inches

Frequency Rating:

7.250 gigahertz all antennas and 7.750 gigahertz all antennas and 7.900 gigahertz all antennas and 8.400 gigahertz all antennas

Electromagnetic Polarization Type:

Right circular all antennas or left circular all antennas

Fsc Application Data:

Communication systems

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A074a0
