Overall Length:

21.875 inches

Impedance Rating In Ohms:

50.0

Overall Diameter:

2.375 inches

End Application:

Type no. 52abh

Usage Design:

Expansion unit for transmission line

Material:

Brass and copper

Material:

Copper alloy and copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-a
