Impedance Rating In Ohms:

50.0

Frequency Range Rating:

+54.000/+71.000 megahertz

Power Rating:

50.000 watts peak and 40.000 watts average

Termination Type:

Connection coaxial

Operating Position:

All positions

Cooling Method:

Self-cooled

Style Designator:

Coaxial mounted

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19800
