**Overall Length:**

4.750 inches

**Impedance Rating In Ohms:**

50.0

**Frequency Rating:**

Between 0.0 hertz and 1.0 gigahertz

**Special Features:**

Fungus treated for tropical climate

**Material:**

Brass

**Material:**

Copper alloy

**Precious Material And Location:**

Conductor surfaces silver

**Precious Material:**

Silver

**Fsc Application Data:**

Antennas, waveguides, and related equipment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T224-a
