Overall Length:

16.093 inches

Overall Height:

6.031 inches

Overall Width:

6.875 inches

Frequency Rating:

Between 1250.0 megahertz and 1350.0 megahertz

End Application:

Model no. An/sps-12

Usage Design:

Section of transmission line

Material:

Brass and copper

Material:

Copper alloy and copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T224-a
