Overall Length:

51.750 inches

Overall Height:

12.500 inches

Overall Width:

33.375 inches

Component Quantity:

3

Locking Device:

Not included

Component Controlling Agency:

Jetds; sig

Component Name:

Reflector, antenna; a frame

Component Identifying Number:

Sc-c66409 drawing no. And t-414/trc type no.

Handle Quantity:

4

Handle Location:

End

Material:

Aluminum

Surface Treatment:

Enamel

Surface Treatment:

Enamel

Fsc Application Data:

Antenna group, radio, except navigation and home types, now airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T358-a
