Overall Length:

2.360 inches

Impedance Rating In Ohms:

50.0

Overall Diameter:

1.380 inches

Frequency Range Rating:

+0.000/+6.000 gigahertz

Voltage Standing Wave Ratio:

1.15

Coaxial Connector Series Designation:

N

Connector End Design:

Female

Power Rating:

5.000 kilowatts peak and 20.000 watts average

Voltage Standing Wave Ratio Frequency Range:

+0.000/+5.000 gigahertz

Termination Type:

Connection coaxial

Operating Position:

Vertical

Cooling Method:

Self-cooled

Style Designator:

Coaxial mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
