Overall Length:

8.000 inches

Overall Height:

0.813 inches

Overall Width:

5.750 inches

Component Type And Quantity:

1 printed wiring board and 2 connector and 47 terminal

Special Features:

Mounting configuration: connector and rack mtd; fsc application data: antenna groups

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
