Overall Length:

7.750 inches

Overall Height:

3.750 inches

Overall Width:

3.750 inches

Frequency Rating:

328.000 megahertz all antennas and 336.000 megahertz all antennas

End Application:

Mark-1b

Beam Scanning Method:

Fixed single antenna element

Design Type:

Corner reflector all antennas

Functional Description:

Antenna, fa 8652

Reference Data And Literature:

Ti-6750, mark-1b

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
