**Overall Length:**

7.750 inches

**Overall Height:**

3.750 inches

**Overall Width:**

3.750 inches

**Frequency Rating:**

328.000 megahertz all antennas and 336.000 megahertz all antennas

**End Application:**

Mark-1b

**Beam Scanning Method:**

Fixed single antenna element

**Design Type:**

Corner reflector all antennas

**Functional Description:**

Antenna, fa 8652

**Reference Data And Literature:**

Ti-6750, mark-1b

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A074a0
