Overall Length:

5.0837 inches

Overall Height:

3.156 inches

Overall Width:

1.250 inches

End Application:

Type no. An/gpq-t1

Radio Frequency Rating:

Between 0.03 gigahertz and 1.2 gigahertz

Design Type:

Unidirectional

Unit Type:

Transmission line

Voltage Standing Wave Ratio At Reference Frequency:

1.1 voltage standing wave ratio at 1200 mhz

Power Loss In Decibels:

49.5

Terminal Fitting Name:

Plug, type n jack, type n

Terminal Fitting Controlling Agency:

Instrument optics co, inc

Terminal Fitting Identifying Number:

Part no. Ms-443 part no. Ms-322

Terminal Fitting Usage Design:

Main line and secondary line

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T389-c
