Impedance Rating In Ohms:
70.0
Frequency Range Rating:
+20.000/+100.000 megahertz
Fragility Factor:
Moderately rugged
Termination Type:
Connection coaxial
Operating Position:
All positions
Cooling Method:
Self-cooled
Special Features:
Holder clip included
Style Designator:
Coaxial mounted
Fsc Application Data:
Antennas, waveguides, and related equipment
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A19800
