Impedance Rating In Ohms:

70.0

Frequency Range Rating:

+20.000/+100.000 megahertz

Fragility Factor:

Moderately rugged

Termination Type:

Connection coaxial

Operating Position:

All positions

Cooling Method:

Self-cooled

Special Features:

Holder clip included

Style Designator:

Coaxial mounted

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19800
