Overall Length:

2.460 inches

Overall Height:

0.800 inches

Overall Width:

1.540 inches

Impedance Rating In Ohms:

Between 1.2 and 1.5

Insertion Loss In Decibels:

0.4

Trade Designation:

Sma type female connector

Connector Quantity:

2

Connection Method:

Connector receptacle

Special Features:

Avg power 2.0 w; aluminum alloy, painted with two coats light gray paint; temperature range 0.0 degrees c to plus 65.0 degrees c

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-j
