Overall Length:

25.500 inches

Overall Height:

10.000 inches

Overall Width:

20.000 inches

Component Quantity:

1

Locking Device:

Not included

Component Controlling Agency:

Jetds

Component Name:

Antenna

Component Identifying Number:

As-755/grc type no.

Handle Quantity:

2

Handle Location:

End

Material:

Aluminum

Material:

Aluminum

Surface Treatment:

Enamel

Surface Treatment:

Enamel

Fsc Application Data:

Radio and television communication equipment, except airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-a
