**Frequency Rating:**

0.100 megahertz single antenna element and 1.750 megahertz single antenna element

**Beam Scanning Method:**

Rotating single antenna element

**Positioning Device Type:**

Drive motor single antenna element

**Voltage Rating In Volts:**

68.0 ac single antenna element or 93.0 ac single antenna element

**Design Type:**

Loop single antenna element

**Mounting Method:**

Slot

**Special Features:**

L00p is hermetically sealed and filled w/dry nitrogen

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A074a0
