Overall Length:

3.656 inches

Overall Width:

3.781 inches

Actuator Operating Method:

Relay

Coupling Position Quantity:

3

Mounting Facility Type And Quantity:

1 threaded bushing

Thread Size:

0.375 inches mounting facility bushing

Material:

Aluminum body

Surface Treatment:

Anodize body outside surfaces

Thread Series Designator:

Unef mounting facility bushing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A158a0
