Overall Length:

3.250 inches

Body Width:

8.688 inches

Body Height:

5.812 inches

Termination Type:

Waveguide flange

Operating Position:

All positions

Cooling Method:

Self-cooled

Special Features:

Aluminum; anodize and paint; do not paint flange face or interior surfaces

Style Designator:

Waveguide mounted

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
