**End Application:**

Antenna, at-309a/gpx

**Component Type And Quantity:**

1 button and 4 conductor and 2 pin and 2 coupler and 2 connector and 3 insulator

**Special Features:**

Component type and quantity: bellows 1; fsc application data: antennas, waveguides, and related equipment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A51110
