Application Design:

Transmission line

Furnished Items:

4 connector per set

End Application:

Microwave radio communications system

Product Name:

Aeroflex attenuator sets as series

Special Features:

Frequency range dc to 18.0 ghz; average power, 5 w; swr, 1.15-1 .35; temperature range minus 55 degree celsius to 125 degree celsius; four high repeatability connectors; type n per mil-std-348; include durable storage case, 136.5 mm long x 125.4 mm wide x 35.6 mm high

Unit Package Type:

Case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A20000
