Overall Length:

2.844 feet

Overall Height:

5.000 inches

Overall Width:

1.901 feet

Mounting Hole Diameter:

2.375 inches

Mounting Hole Type:

Plain

Mounting Method:

Unthreaded holes

Basic Shape Style:

Irregular

Mounting Facility Quantity:

1

Special Features:

T-shape, used to support two antennas to a mast

Material:

Steel

Material:

Steel

Surface Treatment:

Paint

Surface Treatment:

Painted

Fsc Application Data:

Radio and television communication equipment, except airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A12000
