Body Material:

Beryllium copper

Body Surface Treatment:

Gold plated

Overall Length:

Between 0.143 inches and 0.149 inches

Overall Diameter:

Between 0.228 inches and 0.232 inches

Detector Type:

Diode

Precious Material And Location:

surfaces gold

Precious Material:

Gold

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T224-a
