Overall Height:

5.000 feet

Frequency Rating:

130.000 megahertz single antenna element and 174.000 megahertz single antenna element

Power Rating:

10.000 watts peak single antenna element

Beam Scanning Method:

Fixed single antenna element

Design Type:

Whip single antenna element

Mounting Method:

Clamp

Special Features:

Incl 10 ft coaxial cable w/plug

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A074a0
