Mounting Hole Type:

Plain

Mounting Method:

Unthreaded holes

End Application:

Coupler, antenna cu-1402/arc

Mounting Facility Quantity:

1

Material:

Aluminum alloy

Precious Material And Location:

External surfaces silver

Precious Material:

Silver

Surface Treatment:

Silver

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A12000
