Body Length:

2.438 inches

Body Width:

2.000 inches

Body Height:

0.313 inches

Mounting Method:

Self-gripping

End Application:

Spruance class dd (963); aircraft, eagle f-15; general purpose electronic test equipment gpete

Material:

Plastic

Material:

Plastic

Fsc Application Data:

Standing wave indicator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T23700
