Overall Length:

23.500 inches

Overall Height:

8.450 inches

Overall Width:

8.680 inches

Design Type:

Bidirectional

Unit Type:

Coaxial line and waveguide

Terminal Fitting Name:

Coaxial transition; waveguide

Terminal Fitting Usage Design:

Main line and secondary line

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
