Overall Length:

1.297 inches

Overall Height:

0.625 inches

Overall Width:

0.422 inches

Component Type And Quantity:

1 printed wiring board and 1 bushing and 1 coil and 4 stud

Special Features:

Mounting configuration: two 0.093 in. Dai mtg holes spaced on 0.812 in. C to c; fsc application data; receiver-transmitter, radio except radio navigation nonairborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
