Overall Length:

13.150 inches

Overall Height:

1.430 inches

Overall Width:

2.100 inches

End Application:

Glide slope tester (gstest k)

Transmission Line Characteristic Impedance:

50.0 ohms

Operating Frequency:

Between 328.000 megahertz and 336.000 megahertz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T199-a
