Switch Type:

Nontransfer

Operating Temperature Range:

-55.0/+71.0 degrees celsius

Coaxial Connector Series Designation:

Bnc and n

Connector End Design:

Female and female

Pole Quantity:

1

Throw Quantity:

1

Coupling Position Quantity:

3

Special Features:

Diode actuator operating method

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A158a0
