Overall Length:

17.000 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

12.531 inches

Center To Center Distance Between Mounting Facilities Parallel To Width:

5.125 inches

Overall Height:

8.500 inches

Overall Width:

6.000 inches

Impedance Rating In Ohms:

50.0

Frequency Range Rating:

+0.000/+2.500 gigahertz

Voltage Standing Wave Ratio:

1.25

Coaxial Connector Series Designation:

N

Connector End Design:

Female

Power Rating:

600.000 watts average

Voltage Standing Wave Ratio Frequency Range:

+0.000/+2.500 gigahertz

Termination Type:

Connection coaxial

Operating Position:

Horizontal

Cooling Method:

Self-cooled

Special Features:

Recessed carrying handle and double male adapter plug

Style Designator:

Rf connector, 4 hole mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19800
