Mounting Hole Quantity:

5

End Application:

Radar set, an/tps-43d

Radiation Pattern:

Unidirectional single antenna element

Unidirectional Beam Type:

Single broad lobe single antenna element

Beam Scanning Method:

Fixed single antenna element

Design Type:

Corner reflector single antenna element

Mounting Method:

Bracket

Terminal Type:

Connector, receptacle single antenna element

Special Features:

Sidelobe beam type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
