**Application Design:**

Transmission line

**Body Material:**

Metal

**Body Style:**

Rectangular, terminal/terminals on opposite surfaces

**Coaxial Connector Series Designation:**

Sma

**Connection Type Per Function:**

Female input and female output

**Mounting Method:**

Terminal

**Terminal Type And Quantity:**

5 connector

**Fsc Application Data:**

Antennas, waveguides, and related equipment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A20000
