End Application:

Test set, electronic equipment an/usm-406

Power Rating:

0.125 watts average

Termination Type:

Connector

Operating Position:

All positions

Rf Connector Changing Feature:

Not included

Cooling Method:

Self-cooled

Special Features:

Includes bead chain w/ring

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A19800
